POORNU CHUNDER GHOSE,  
Vice-Chairman.

Dated Rajshahye, the 21st December 1880.

Memo. from—BABOO NOLIT CHUNDER SEN, and three other Members of the Road Cess Sub-Committee, Rajshahye,  
To—The Chairman, Road Cess Committee, Rajshahye.

WE, the undersigned members of the Road Cess Sub-Committee, appointed under section 174 of the Act to audit the accounts of the Road Fund for the cess year 1879-80, have the honour to report that a meeting for the purpose was held on the 21st current, and that the accounts were examined and passed by us as they were found all correct.

*Abstract of a Report by the Chairman of the District Road Cess Committee, Rungpore, on the Committee's Operations for the Cess year 1879-80.*

THE people appreciate the benefits conferred by the Cess Act, which has worked well, and generally no difficulty was experienced in collecting the cess. The collections were 96·6 per cent. on the total demand for the year.

With the exception of three or four, the members of the District Committee took an active interest in their work. The Branch Committee at Gyebanda held three meetings, one of which was adjourned.

All the important roads of the first and second classes were put into good order during the year. Rs. 5,144 were expended on village roads, and the works were executed as far as practicable through non-official agency; the villagers appear to appreciate the importance of these roads, and landholders of good position were found willing to receive allotments. Trees were planted out on the sides of the principal roads from the four nursery gardens established in the district, and they are reported to be growing well.

The collection establishment worked satisfactorily on the whole. Owing to his severe illness, the late District Engineer was unable to attend to his work properly during the latter portion of the year. The subordinate works establishment did not work to the satisfaction of the Committee.

*Abstract of a Report by the Chairman of the District Road Cess Committee, Bogra, on the Committee's operations for the Cess year 1879-80.*

THE road cess system has worked fairly, and no complaints were heard against the road cess. The collections of cess were better than in the previous year. The attendance at the meetings of the District Committee was fair. There is no Branch Committee in the district. The chief roads in the district are more or less in a bad condition, owing to the peculiarly unfavourable nature of the soil; but as a whole the roads have not deteriorated. Village roads are reported to be of great use to the people, and it is stated that a sum of Rs. 750 was expended upon them in addition to the amount shown in the accounts. Rs. 347 were spent on arboriculture. Trees were planted in 2½ miles of the Dinagapore and Rungpore roads, which were protected with gabions, and some of the old gabions were also repaired. The Committee's establishments in the different departments discharged their duties satisfactorily.

*Abstract of a Report by the Chairman of the District Road Cess Committee, Pubna, on the Committee's operations for the cess year 1879-80.*

THE Cess Act has worked without friction, its provisions and intentions being better understood each year. The collections of cess compare favourably with those of the previous year.

The district is not fully represented at the meetings. There are several pleaders on the District Committee, and they usually attend very regularly; but the attendance of any non-professional or non-official member is very rare; those who do attend show interest in their work. The Branch Committee at Serajgunge worked zealously, and the meetings were fairly well attended by those members who live near Serajgunge.

The district roads were severely injured by the floods; the damages were repaired however, and the condition of the roads has been slightly improved. The expenditure on village roads was Rs. 2,302; Rs. 1,561 were spent in the Sudder sub-division through applicants, and Rs. 741 in the Serajgunge sub-division, the works in most cases being supervised by the members of the Branch Committee. Most of the village roads taken in hand in the Sudder sub-division are only small bits, starting from, and terminating in the same village, and form part of a scheme for inter-communication between the villages and district roads. The system followed in the Serajgunge sub-division was satisfactory, and it was attended with good results.

Two miles of a road were planted with mangoe trees, and some mahogany trees were also planted; the young trees are reported to be doing well. Babool trees were planted on another road, but they have been destroyed by the floods and cattle.

The post of District Engineer was vacant from the end of April to the beginning of August, and the work was carried out by the overseers under the Chairman's orders. The work of the Committee's establishment was done satisfactorily.

Vice-Chairman.

*Explanations on the Road Fund Annual Accounts for the year 1879-80.*

IN the Government Public Works Department Resolution No. 490A, dated 31st May 1880, reviewing the Road Fund Budget Estimates of the Rajshahye Division for 1879-80, Rs. 28,567 is shown under Original works for the Pubna district. In the accompanying annual accounts, Rs. 19,355 is shown under the same head in the column "Amount as per Budget Estimate." The cause of the discrepancy is that Rs. 17,238, was transferred from, and Rs. 8,026 transferred to, this head after the budget had been sanctioned (Rs. 28,567—Rs. 17,238+8,026)=Rs. 19,355.

2. Under repairs, Rs. 13,725 is shown in the Government resolution. and Rs. 25,197 in the annual accounts. In the course of the year Rs. 579 was transferred from, and Rs. 12,051 transferred to, this head—(Rs. 13,725—579+12,051)=Rs. 25,197.

3. Under establishment on works, Rs. 13,168 is shown in the Government Resolution, and Rs. 11,268 in the annual accounts, Rs. 1,900 having been transferred from this head during the year to provide for original construction of bridges and maintenance of roads.

4. The above transfers were sanctioned in Commissioner's letter No. 180PWct., dated 24th July 1880, and Nos. 285 and 287PWct., dated 4th September 1880.

5. In form C of the monthly accounts, i.e. "Schedule of Disbursements" for September 1880, Rs. 1,248-12-8 is shown as the total expenditure of the year on account of establishment and contingencies of Committee's office. In the annual accounts, Rs. 1,234-9 is shown, against the same head, being Rs. 14-3-8 less in the annual accounts than in the monthly schedule of disbursements. Similarly the total of stationery and printing in the

annual accounts is Rs. 14-3-8 more than in the monthly schedule of disbursements for September 1880. The reason is that, Rs. 14-3-8, on account of value of forms hitherto shown against Committee's contingencies has been transferred in the annual accounts to the head of stationery.

6. In form B, the monthly "Schedule of Receipts" for September 1880, the total amount of advances recovered during the year is shown to be Rs. 3,044-10, and in the annual accounts Rs. 2,985-2-6. The discrepancy is due to the sum of Rs. 59-7-6, imprest money issued to the District Engineer, having been shown in the monthly return, whereas it has been excluded from the annual accounts, under instructions subsequently received from the Examiner of Public Works Accounts.

The discrepancy of Rs. 59-7-6 between the total amounts of advances paid, as shown on the disbursement sides of the monthly return, and the annual accounts is similarly accounted for.

7. In the column "Budget Estimate for the year" of the monthly schedule of disbursements Rs. 1,360 is shown jointly against the heads "Administration" and "Stationary," no separate provision having been made in the budget. But in the annual accounts the sum of Rs. 450 has been shown in the column of "Budget estimate," against the head "Percentage cost of Establishment for Offices of Account and Control," in accordance with the Government resolution cited above.

*Abstract of a Report by the Chairman of the District Road Cess Committee, Darjeeling, and of Vice-Chairman, Terai Branch Committee, on the Committee's operations for the cess year 1879-80.*

SUCH unpopularity as clings to the road cess is likely wholly to disappear with the gradual extension and improvement of the roads and bridges. The Cess Act is generally accepted by the people of the Terai. The members of the District Committee took an active interest in the execution of works. The average attendance of the members of the Terai Branch Committee is said to have been satisfactory, and the Vice-Chairman speaks in favourable terms of the assistance given him by the members. In the hills eight roads were efficiently repaired, and the remaining three could not be repaired for various reasons. Work was commenced in the Terai when the season had advanced, owing to the necessity for preparing revised detailed estimates, and it was therefore difficult to get good contractors and labour. Four of the roads in the Terai, it is stated, are not in proper order, nearly all the roads in the hills are village roads, and no special expenditure in this direction is called for. Village communications in the Terai were neglected for want of funds, but provision has been expressly made for their improvement in the current year's budget. Tree-planting on the hills is reported to be unproductive of good results. In the plains Rs. 73 were expended in planting trees on the sides of two roads, and the matter is under the careful consideration of the Committee.

There is no works establishment employed under the District Committee, the works being carried out entirely by planters.

R. M. WALLER,  
*Chairman, District Road Cess  
Committee, Darjeeling.*

EXPLANATORY MEMORANDUM ON THE ANNUAL ACCOUNTS  
FOR 1879-80.

On the receipt side of the accounts a sum of Rs. 44-8 is shown under head "Miscellaneous," out of which Rs. 40-8 were receipts in the Terai, and Rs. 4 in the District Committee. This latter sum was received from the late Road Fund clerk on account of service and receipt stamps not accounted for, and under the rules ought to have been deducted from the expenditure on service receipt stamps; but as, in the monthly accounts, the amount was shewn under the head of "Miscellaneous receipts," it has now been shown under the same head.

2. Under head "Refunds," a sum of Rs. 2,650 has been shown as expended. This sum was the balance of Government grant of Rs. 8,000 sanctioned in Government letter No. 1262A of 27th November 1878, and has also been shown in the items of advances outstanding against the Executive Engineer, as directed in Examiner's No. 400D of 21st May 1880.

3. A sum of Rs. 150 was allotted in the budget for contingencies of both "Provincial rates" and "Administration" and for "Stationery" also. This sum was insufficient for the purpose added to the cost of forms (not provided for in the budget through oversight); hence the excess expenditure over the budget allotment.

4. The distinguishing numbers in the new list of roads received with Government of Bengal's No. 431A, dated 13th May 1880, have been observed in the annual accounts.

5. Under head "Repairs" the budget has been exceeded on two roads, viz. road No. 6 (old list) and road No. 8 (new list). The cause of the excess expenditure on the former is that it includes advances made in the previous year, and in regard to the latter the excess, Rs. 2-0-11, is too small to call for remark.

6. The totals of the annual accounts will not tally with the aggregate of quarterlies and monthlies, as laid down in rule 12 of instructions accompanying Bengal Government Circular No. 173A, dated 11th February 1878, for the following reasons:—

In the two quarterly and six monthly accounts of the District Committee during the year, the Terai accounts were incorporated up to June 1880, but in the annual accounts the Terai expenditures have been shown for the whole year.

7. It was noted in last year's annual accounts that a sum of Rs. 568-12-9 was outstanding against the Terai, which was a mistake. It should have been Rs. 968-12-9, Rs. 400 having been written off as expended, whereas the same represents an advance not adjusted.

8. Sums were advanced for repairs of all the roads in the list during the year, with the exception of road No. 4, as noted in the report; but as most of the gentlemen to whom these sums were advanced did not send in their accounts within the year, though asked to do so, the column of expenditure against most of the roads have been left blank.

No. 83RF, dated Darjeeling, the 24th January 1881.

From—R. M. WALLER, Esq., Chairman, District Road Cess Committee, Darjeeling,  
To—The Commissioner of the Rajshahye and Cooch Behar Division.

With reference to your letter No. 228PW, dated 13th instant, on the subject of the annual accounts for the cess year 1879-80, I have the honor to observe as follows.

2. In memorandum showing in detail the amount of outstanding advances on 30th September of 1878-79, the amount of balance due from the Road Fund Clerk was Rs. 120 and not Rs. 60, as mentioned there, as the advance register of this office shows that the amount due from him at the end of the year 1878-79 was Rs. 120, which amount was recovered during the year, as will be seen from the statement of the details of outstanding recovered, of the current year.

The figures therefore should be thus—

			Rs.	A.	P.
Total of outstanding advance as per statement of 1878-79			8,892	5	0
Plus Rs. 60 as per explanation given above	...	...	60	0	0

which figures now correspond with the statement of the current year.

3. The revised balance sheets are submitted herewith in duplicate, as directed.

*Chairman, District Road Cess*

*Committee, Darjeeling.*

*Abstract of a Report by the Chairman of the District Road Cess Committee, Julpigoree, on the Committee's operations for the cess year 1879-80.*

THE feelings of the people towards the road cess remain unchanged; they now look upon it as a permanency, and take no objection. From the numerous applications for new roads, it would appear that they are alive to its advantages. The collections of cess amounted to Rs. 32,486, inclusive of the previous year's arrears, against a demand of Rs. 32,408 for the year. The outstanding balance at the close of the year was Rs. 351 only.

In regard to the working of the District Committee, it is reported that the official members attended the meetings regularly, but that the attendance of the non-official members was very poor. On every occasion, however, there was a sufficient number of members present to form a quorum. There are no Branch Committees in this district.

The repairs executed during the year were all well carried out. Rs. 78 only were expended on the repair of village roads out of an allotment of Rs. 1,020. India-rubber plants were planted experimentally on the sides of the Dalimkote road, and if it prove successful, the Committee intend to plant similar trees on the other district roads.

The accountant and works establishment under the Committee are favourably spoken of.

PREONATH BANERJEE,  
Vice-Chairman.

No. 297PW, dated Rampore Beaulah, the 11th February 1881.

From—LORD H. ULICK BROWNE, Commissioner of the Rajshahye and Cooch Behar Division,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to submit in original the District Road Fund Annual Reports and Accounts of the Districts of this Division for the cess-year 1879-80. I also submit the explanations received in reply to calls from my office from some of the districts.

2. The reports from Dinagore and Pubna have been prepared in accordance with the orders issued in circular No. 973A of the 4th September 1880, but the other districts have not strictly adhered to the instructions laid down in paragraphs 3 and 4 of that Circular. This will be pointed out to the Chairmen.

3. The reports from five districts were received in my office within the prescribed date for their submission, but those from Bogra and Julpigoree were not received till the 7th and 12th of January respectively, and then the necessity of making references has delayed the preparation of this report. The Rajshahye accounts were very incorrectly prepared and had to be recast, but those from Dinagore, Pubna, and Julpigoree were very satisfactory.

4. *Working of the Road Cess Act.*—All the District Officers report that the Act has worked smoothly during the year; and as it gets better understood, the people appreciate it better, though the appreciation is in direct proportion to the benefits conferred on each locality. I am confident if the system I advocated in my report for last year, under which surface-repairs of all but a few roads taken up for important works would be executed annually in November, were established, the people would be entirely satisfied and would pay the cess most willingly. But nothing less will really satisfy them.

5. *Collections and assessments.*—In all the districts the collections were easily made, and the Chairmen of Bogra and Pubna remark that the collections were better than in previous years. The Vice-Chairman of the Darjeeling Terai Branch Committee states that in a very few cases over-assessment was complained of; and in Rajshahye some difficulty was experienced in collecting from estates owned by petty shareholders, and from those who reside out of the district.

6. *Working of the District and Branch Committees.*—The meetings of the Sudder Committees of Rungpore, Bogra, Dinagore, Pubna, and Julpigoree were on the whole fairly attended, a sufficient number of members to form a quorum having attended and evinced interest in their duties. In the Rajshahye district the Chairman reports the attendance

as unsatisfactory, and remarks that it does not speak favourably for the interest taken by the Committee as a body in the administration of the Road, Cess Fund; but he qualifies this remark by saying that the members that did attend showed a readiness to take a part in the work. The Chairman of the Darjeeling Committee remarks that the interest evinced by the members must not be measured merely by the regularity of their attendance, as the greater number of the roads are carried out by the agency of some of the members, and he particularly mentions Mr. Johnston's services as deserving the warmest thanks. The Branch Committee of Gyebanda, in Rungpore, held three meetings, one of which was adjourned. The Chairman hopes that, with an increased allotment, the Branch Committee will do more this year. The Serajgunge Branch Committee in Pubna are reported to have worked zealously under the direction of their Chairman, Mr. H. Farrer. The Vice-Chairman of the Terai Committee states that the attendance at the meetings was not good, but this was owing in a great measure to the distance the tea-planters have to come. It is now proposed to hold the meetings at a factory in a central position, and easy of access from most of the tea estates. No meetings of the Nattore Branch Committee, in the Rajshahye district, are reported, but I was told when I visited Nattore last month, that they held a meeting to decide on spending Rs. 700 on village and other roads.

7. *Establishments.*—The establishments of the different Committees have not undergone any material change during the year. In Pubna the services of the District Engineer were dispensed with, and a new one appointed. A few subordinates have either been dismissed or have resigned, but no special notice regarding them is required. The office establishments under the Vice-Chairmen, and the engineering ones under the Chairmen, are reported to have worked well and satisfactorily. The late Chairman of the Rungpore Committee however states that he does not concur in the late Mr. Ringwood's remarks as to the satisfactory nature of his subordinates' work, as serious fault had to be found with some of them, and I know enough of road matters in this district to be able to agree with Mr. Livesay.

8. *Village Roads.*—In Dinagepore these roads have received proper attention, the work having been carried out by the District Superintendent of Police and the District Engineer. In Rajshahye the whole allotment has not been spent, owing to a want of agency. In Rungpore the expenditure through official agency has been fairly satisfactory and slightly in excess of the allotment. In Bogra due attention has been given to these roads, and Rs. 750 expended in excess of the amount shown in the accounts by advances to village headmen. In Pubna all the money allotted has not been utilized, as the recipients have not spent all the grants given them. The Branch Committees of this district at Serajgunge have worked well: in Darjeeling the hill tracks are the village roads, and do not require any expenditure. In the Terai it is said that, owing to a lack of funds, village communications have been neglected, but in the present year's budget provision has been expressly made for their improvement. In Julpigoree very little has been done, and only Rs. 77-13 expended in repairs. No reason for this small expenditure is given by the Chairman.

If village headmen are carefully selected by Magisterial, Sub-divisional, Settlement and Police-Officers, tehsildars, and by Court of Wards and Khas Mehals managers, I am sure there will be no difficulty in getting considerable sums spent to the advantage and satisfaction of the people.

9. *Planting of trees.*—In Dinagepore 6,757 fruit-trees were planted during the year, and those of previous years were cared for, which is satisfactory. In Rajshahye tree-planting has not been attended to, and no trees were planted on the roadside. In Rungpore a great many miles have been planted, but very few of the trees are thriving. The Committees are now going to use larger sized gabions, as the small ones hitherto used are reported to have interfered with the growth of the young trees, besides being easily damaged by carts and cattle. In Bogra nurseries have been established, and two-and-a-half miles of road planted out. Better progress may be expected in future years, when the young trees in the nurseries are fit to be planted out. In Pubna two miles of the Sara-road have been planted with mango trees only, and some other roads with babul trees, but many of them were destroyed by the floods. In Darjeeling tree-planting is unnecessary in the hills, as has been previously reported. In the Terai it has received some attention, 200 jack and mango trees having been planted out. In Julpigoree very little has been done, only some India-rubber trees from Kursong having been planted out as an experiment on the Dalingkote-road.

10. *Original Works. (Main lines of communication).*—In the Dinagepore district 10 miles out of 19½ of the Parbuttypore (or Rungpore) road have been completed. The metalled miles are not continuous, but in bits where bricks had been burnt close to the road sides. The metal first made was, as has been previously reported, of very inferior quality, and the metalling is not as good as it should be in consequence. The coolies, moreover, engaged on the work suffer so much from fever during the rains, that it is difficult to get a fair amount of work from them at that important season for metalling. The masonry work executed on this road is of fair quality, and the old bridges have been repaired and maintained. The other original works provided for in the budget are in progress, and some of them have been finished. In the Rajshahye district, the Rampore Beuleah and Nattore-road has made great strides at last. Two iron screw-pile bridges have been entirely completed this year, and opened for traffic during the rains, and a third over the Narud river was commenced and will shortly be finished. Seven masonry

bridges with timber platforms and beams were completed and opened for traffic during the rains, with the exception of the brick flooring to some of them, which could not be done for the want of bricks. The old bridges on the line have been repaired and maintained, and estimates are under preparation for bridging the two gaps that still remain. In the meantime the banks at these places have been properly ramped to facilitate traffic. The embankment of this road, (28 miles in length) was thoroughly repaired directly after the last rains, and I may mention that I drove over it last month and found it in very good order. The metalled portion is also in good order. The metalling of the Bya-road has been well done, but owing to the Contractor having failed to execute the work in the time agreed on, about one mile of metalling still remains to be done. The Committee have not funds to metal more of this road, or to repair just yet the Bya bridge. The original works in the Rungpore district are not as far advanced as they should have been, owing to the severe illness of the late District Engineer. The Alaikori bridge and diversion is in hand, but as the six inside or centre girders have not yet been obtained, it is still unfinished; every hope, however, is entertained of its being completed before next rains. The Deerajan timber bridge of three spans of ten feet each, which was sanctioned in the Alaikori project, has not been commenced as yet. The renewal of several timber bridges were commenced, but not entirely finished during the year. The metalling of the Tajhat and Mahigunge-road which leads to the railway station, has been greatly delayed, and I regret to say the estimate has been exceeded, and a revised one is about to be submitted. Nearly a mile of this road has to be metalled. The metalling of the station road was not finished during the cess-year, but has since been completed. Owing to the unnecessary quantity of soorkee used as a binding material on both these roads, the surface is very dusty, and I regret that the Divisional Superintendent and I cannot quite concur in the remark of the Chairman, that the work is of the best quality.

#### BOGRA DISTRICT.

The estimate for the Chatiagram-road received the sanction of Government during the cess-year, but very little progress has been made owing to the want of materials, and only a few culverts have been constructed. Efforts are now being made to finish the bridging before next rains. As the Chatiagram railway station is about to be closed, it will be necessary to thoroughly bridge the road from Adamdighi to Sultanpore railway station, and an estimate is under preparation. The road is now passable for carts, as strong temporary bridges have been erected over all the water-courses. Beyond a few culverts on the Dinagepore-road, no other original works have been undertaken. In Pubna the change of District Engineers, and the fact of the post having been vacant for some months, have interfered with the work done on the Sara feeder-road. The revised estimate called for by Government could not be submitted in consequence of this, and because the country was under water when the new District Engineer joined. The only original works therefore that have been done, are some bridges on this line, and a few culverts on other roads. In the Darjeeling district the only original work done in the past year was the Balasun bridge to connect the roads from Hope Town and Nagri with the river, and the large tract of country to the west of the Balasun with the rest of the Darjeeling district. In the Julpigoree district nine timber bridges have been completed on the Alipore-road, and three more remains to be built. The bridging of the Dalingkote-road has been finished, and the savings on the estimate is to be devoted to extending the road two miles further on, towards the foot of the Hills and Daling Fort. The Boda-road has been completed within the estimate. The Phoolbari-road was not commenced this year. The Kuria screw-pile bridge was sanctioned, and the Committee have given the contract to Messrs. Mitchell and Rumsey, the Darjeeling Tramway Contractors. The Domer Hât and Dabigunge-road has also been completed this year.

11. *Repairs.*—During the last rains I issued another circular to all districts, requesting them to commence the repairs of all roads directly the rains ceased, and I am glad to be able to say that repairs were in an advanced state by the end of November in the case of a fair number of roads, which was a vast improvement on the work in previous years, when the repairs languished on right through the dry season, so that some roads were only just repaired in time for the rains to make the repairs useless. The repairs are not quite what I could wish in all the districts, but now that the matter is receiving attention, the work will no doubt improve under the limits given by the Divisional Superintendent. The formation sections of many of the roads are very bad, and require a great deal of earthwork, which the Committees can only do by degrees, as the expenditure in all districts on new lines is heavy; but taken as a whole, the roads throughout this division have been improved during the year. The remarks of the Chairman of the Rajshahye Committee are very severe as regards the roads in that district, but he joined the district in the rains, and the repairs, which had been to a certain extent neglected for years, owing to the heavy expenditure on the Nattore-road, could scarcely have been carried out before he visited them; indeed his marginal note to the Goodagri-road shows that the opinion he formed of the roads was rather premature.

12. *Expenditure.*—The total outlay on original works and repairs during the year taken as a whole is fair; there are certainly large or considerable balances in some of the districts, but there are reasons for not spending more, such as money being kept in reserve for projects under preparation.

13. The cess year 1879-80 is the first whole year that has elapsed since the appointment of the Divisional Superintendent of District Works, and I am glad to be able to

confirm the favourable opinion I expressed last year in regard to the results of the appointment. The three main results expected from it were (1) relieving Superintending Engineers of work which it was impossible for them to do at all without its interfering with Government work; (2) the prevention of delay in the disposal of road works projects; and (3) personal inspection of works, and places where it was proposed to construct works, by an experienced Engineer. But other advantages have accrued. Incompetency in a District Engineer, Overseers, and Sub-Overseers, has been detected; bad work has been prevented in time; waste of road cess funds has been avoided; suitable bridges have been constructed where before it was a matter of chance what kind would be built by each District Engineer; many cheap but substantial works being substituted for more expensive ones which the district funds could not afford, but which would nevertheless have been constructed; District Engineers have been stirred up to greater activity when necessary, and a more prompt preparation of estimates and designs effected; the use of good materials has been to a considerable extent ensured; excessive rates have been reduced, and lastly, the travelling allowance bills and diaries of District Engineers have been regularly inspected by the Divisional Superintendent. On the whole I am certain that the charge on the district road cess funds on account of the Divisional Superintendent's appointment, is money that is exceedingly well spent, and that the appointment of such officers cannot fail to be of the greatest benefit to the road-cess payers. As regards Mr. Heyman personally, he has shown the greatest interest in his duties, and never spares himself; indeed he is in the habit of walking, instead of riding, over a road until he has thoroughly observed, noted, and learnt its requirements, and under his guidance the District Engineers will only have themselves to blame if they do not give satisfaction. I am also much indebted to Mr. Heyman for his services as Secretary in the Road Department.

**Madras Municipality.****NOTIFICATION.**

**T**HE Municipal Commissioners for the City of Madras are prepared, with the sanction of the Governor of Madras in Council, conveyed in order No. 2505, dated 23rd December 1881, under section 208 of the City of Madras Municipal Act of 1878, to receive tenders for a Debenture Loan of (Rs. 3,50,000) three lakhs and fifty thousand rupees on the security of the rates and taxes levied under the said Act. Of the total amount of the loan, two and a half lakhs are to be expended in extending the water-supply of the city, and one lakh in carrying out the drainage project of Black Town.

2. Debentures will be issued for the said amount bearing interest at the rate of five (5) per cent. per annum, payable half yearly on the 15th March and the 15th September of each year, and having a currency of thirty years.

3. The form of Debenture Bonds will be that given overleaf. Each Debenture will be issued for the sum of Rs. 500, or some multiple of Rs. 500.

4. Tenders for the whole or any part of the above-named sum of (Rs. 3,50,000) three lakhs and fifty thousand rupees will be received by the President of the Municipal Commission up to noon on the 23rd February 1882.

5. Each tender should be in the form hereto annexed, and enclosed in a sealed cover, superscribed "Tender for Municipal Loan of 1882," and sent to the Municipal Office, addressed to "The President, Municipal Commission, Madras."

6. The tenders will be opened by the President at the Municipal Office on the 23rd February 1882 at noon, a minimum rate having first been fixed by the President.

7. Parties tendering must pay into the Bank of Madras to the credit of the Municipal Fund a sum equal to 2 per cent. of the amount tendered, and forward the Bank's receipt with the tender.

8. If the tender be accepted, the deposit will be taken in part payment, but it will be forfeited if, after the acceptance of the tender, the allotment is not fully paid up on or before the 15th March 1882.

9. Debentures will be issued as soon as possible after receipt of the amount of allotment.

10. The deposit on tenders which may not be accepted will be returned on application.

11. In the case of two or more tenders at the same rate (not being below the minimum) a *pro rata* allotment will, if necessary, be made.

12. The rate stated in a tender must not contain any fraction of an anna; if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out, and the tender treated as if the rate did not contain such fraction of an anna.

13. In order to avoid mistakes a separate tender must be made at each rate tendered, and a separate deposit must accompany each tender.

14. The annual income from the rates and taxes which are offered as security for the loan amounts to Rs. 6,80,000. The charges for loans which have already been raised on the same security are as follows:—

## The Indian Law Reports.

Published under Authority of the Governor-General in Council.

THE Reports appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series.—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series.

The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set.

Terms of subscription, payable annually in advance.

	Without postage.	With postage.

### LAND SALE NOTICES.

#### NOTICE UNDER RULE 17, SECTION II, PART I.

NOTICE is hereby given that the lease of the land specified in the schedule hereunto annexed, and of which the plan is open to inspection at the office of the Commissioner of the Sunderbuns, has been applied for by Khetter Molun Dass and Gunesh Chunder Dass, and will be sold at 12 o'clock noon on the 21st April 1882 (9th Bysack 1289 B.S.), Friday, at the Sunderbun Commissioner's office at Alipore unless meantime the sale is stopped or postponed in consequence of claims or objections under Act XXIII of 1853 (to provide the adjudication of claims to waste lands), or owing to any other cause.

2. The lease of the land will be granted subject to the conditions which are specified below as well as to the general terms annexed to the rules for the sale of leases of waste lands, dated 12th November 1879.

#### Conditions.

That the lands shall be subject to all existing rights of way and water, and other easements.

That the right of using all streams and channels in any way navigable shall be reserved to public; as also the use of a towpath not less than 25 feet in width on each side of every such stream and channel.

That no charge shall be made for wood and timber standing on the land at the time it is leased nor for any wood which may be cut and burnt to effect clearances or which may be used on the land. But for wood and timber exported for sale a duty shall be levied at such rate and in such manner as may from time to time be prescribed by Government.

That the Government reserves to itself the right to all minerals in the land, together with such rights of way and other reasonable facilities as may be requisite for working, getting, and carrying any such minerals. It also retains its proprietary right in the land, and only confers on the lessees an occupancy right which shall be hereditary and transferable.

### To Contractors.

SEALED tenders will be received by the Opium Agent of Behar at Bankipore up to the 15th February 1882 for the supply of the whole or any part of 30,000 (thirty thousand) mango-wood chests for packing provision opium.

The whole of the chests are required by the end of November 1882, and they are to be delivered at the Patna Opium Factory.

The Benares Opium Agent will not invite tenders this year for any mango-wood chests for the Ghazepore Factory.

Printed forms of tender and of the specification of the chests can be obtained on application at the Behar Opium Agent's office. All tenders must be on the printed form, and should be in duplicate.

The lowest tenders will not of necessity be accepted, and no reason will be given for rejecting any tenders.

The price at which the chests will be supplied, as well as the instalments, must be entered in the tender in words as well as figures.

On signing a contract, security in either cash or Government of India Promissory Notes must be deposited to the extent of one anna for each chest contracted for, and the cost of the stamp for the contract deed must be paid by the contractor.

Parties tendering are particularly requested to give their addresses in full.

The remaining conditions are set forth in either the specification or form of tenders.

A. C. MANGLES, Opium Agent.

Behar Opium Agency, Patna, the 28th January 1882.

**Madras Municipality.****NOTIFICATION.**

**T**HE Municipal Commissioners for the City of Madras are prepared, with the sanction of the Governor of Madras in Council, conveyed in order No. 2505, dated 23rd December 1881, under section 208 of the City of Madras Municipal Act of 1878, to receive tenders for a Debenture Loan of (Rs. 3,50,000) three lakhs and fifty thousand rupees on the security of the rates and taxes levied under the said Act. Of the total amount of the loan, two and a half lakhs are to be expended in extending the water-supply of the city, and one lakh in carrying out the drainage project of Black Town.

2. Debentures will be issued for the said amount bearing interest at the rate of five (5) per cent. per annum, payable half yearly on the 15th March and the 15th September of each year, and having a currency of thirty years.

3. The form of Debenture Bonds will be that given overleaf. Each Debenture will be issued for the sum of Rs. 500, or some multiple of Rs. 500.

4. Tenders for the whole or any part of the above-named sum of (Rs. 3,50,000) three lakhs and fifty thousand rupees will be received by the President of the Municipal Commission up to noon on the 23rd February 1882.

5. Each tender should be in the form hereto annexed, and enclosed in a sealed cover, superscribed "Tender for Municipal Loan of 1882," and sent to the Municipal Office, addressed to "The President, Municipal Commission, Madras."

6. The tenders will be opened by the President at the Municipal Office on the 23rd February 1882 at noon, a minimum rate having first been fixed by the President.

7. Parties tendering must pay into the Bank of Madras to the credit of the Municipal Fund a sum equal to 2 per cent. of the amount tendered, and forward the Bank's receipt with the tender.

8. If the tender be accepted, the deposit will be taken in part payment, but it will be forfeited if, after the acceptance of the tender, the allotment is not fully paid up on or before the 15th March 1882.

9. Debentures will be issued as soon as possible after receipt of the amount of allotment.

10. The deposit on tenders which may not be accepted will be returned on application.

11. In the case of two or more tenders at the same rate (not being below the minimum) a *pro rata* allotment will, if necessary, be made.

12. The rate stated in a tender must not contain any fraction of an anna; if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out, and the tender treated as if the rate did not contain such fraction of an anna.

13. In order to avoid mistakes a separate tender must be made at each rate tendered, and a separate deposit must accompany each tender.

14. The annual income from the rates and taxes which are offered as security for the loan amounts to Rs. 6,80,000. The charges for loans which have already been raised on the same security are as follows:—

	Annually.
Rs.	
Interest at 4 per cent. on Rs. 14,30,000 payable to Government	57,200
Interest at 2 per cent. on Rs. 14,30,000 payable to Sinking Fund	28,600
Interest at 6 per cent. on Rs. 20,000 for Market payable to Debenture holders	1,200
	87,000

A. T. ARUNDEL, President.

Municipal Office, Madras, the 11th January 1882.

**FORM OF TENDER.**

I hereby tender for Rs. \_\_\_\_\_ of the loan advertised in the Notification of the President of the Madras Municipality, dated 11th January, and published in the *Fort St. George Gazette*, dated 18th January, and agree to pay, the same subject to the conditions notified, at the rate of Rs. \_\_\_\_\_ for every Rs. 100 allotted to me.

I enclose a deposit receipt of the Bank of Madras for Rs. \_\_\_\_\_ being 2 per cent. on the amount of my tender, and engage if my offer be accepted to pay to the account of the Municipal Fund in the Bank of Madras, the sum allotted to me on or before the 15th of March 1882.

### LAND SALE NOTICES.

#### NOTICE UNDER RULE 17, SECTION II, PART I.

NOTICE is hereby given that the lease of the land specified in the schedule herunto annexed, and of which the plan is open to inspection at the office of the Commissioner of the Sunderbuns, has been applied for by Khetter Mohun Dass and Gunesh Chunder Dass, and will be sold at 12 o'clock noon on the 21st April 1882 (9th Bysack 1289 B.S.), Friday, at the Sunderbun Commissioner's office at Alipore unless meantime the sale is stopped or postponed in consequence of claims or objections under Act XXIII of 1853 (to provide the adjudication of claims to waste lands), or owing to any other cause.

2. The lease of the land will be granted subject to the conditions which are specified below as well as to the general terms annexed to the rules for the sale of leases of waste lands, dated 12th November 1879.

#### Conditions.

That the lands shall be subject to all existing rights of way and water, and other easements.

That the right of using all streams and channels in any way navigable shall be reserved to public; as also the use of a towpath not less than 25 feet in width on each side of every such stream and channel.

That no charge shall be made for wood and timber standing on the land at the time it is leased nor for any wood which may be cut and burnt to effect clearances or which may be used on the land. But for wood and timber exported for sale a duty shall be levied at such rate and in such manner as may from time to time be prescribed by Government.

That the Government reserves to itself the right to all minerals in the land, together with such rights of way and other reasonable facilities as may be requisite for working, getting, and carrying any such minerals. It also retains its proprietary right in the land, and only confers on the lessees an occupancy right which shall be hereditary and transferable.

Sunderbun Commissioner's office, Camp Burguna, the 20th January 1882.

## NOTICE UNDER RULE 17, SECTION II, PART I.

NOTICE is hereby given that the lease of the land specified in the schedule hereunto annexed, and of which the plan is open to inspection at the office of the Commissioner of the Sunderbuns, has been applied for by Shambhoo Nath Shaha Chowdhury, and will be sold at 12 o'clock noon, on the 21st April 1882 (9th Bysack 1289 B.S.), Friday, at the Sunderbun Commissioner's office at Alipore, unless meantime the sale is stopped or postponed in consequence of claims or objections under Act XXIII of 1863 (to provide the adjudication of claims to waste lands), or owing to any other cause.

2. The lease of the land will be granted subject to the conditions which are specified below, as well as to the general terms annexed to the rules for the sale of leases of waste lands, dated 12th November 1879.

*Conditions.*

That the lands shall be subject to all existing rights of way and water, and other easements.

That the right of using all streams and channels in any way navigable shall be reserved to public; as also, the use of a towpath not less than 25 feet in width on each side of every such stream and channel.

That no charge shall be made for wood and timber standing on the land at the time it is leased, nor for any wood which may be cut and burnt to effect clearances or which may be used on the lands. But for wood and timber exported for sale a duty shall be levied at such rate and in such manner as may be from time to time prescribed by Government.

That the Government reserves to itself the right to all minerals in the land, together with such right of way and other reasonable facilities as may be requisite for working, getting, and carrying any such minerals. It also retains its proprietary right in the land, and only confers on the lessees an occupancy right which shall be hereditary and transferable.

## To Contractors.

SEALED tenders will be received by the Opium  
Agent of Behar at Bankipore up to the 16th  
February 1882 for the supply of the whole or any part of  
30,000 (thirty thousand) mango-wood chests for packing  
provision opium.

The whole of the chests are required by the end of  
November 1882, and they are to be delivered at the  
Patna Opium Factory.

The Benares Opium Agent will not invite tenders this  
year for any mango-wood chests for the Ghazepore  
Factory.

Printed forms of tender and of the specification of  
the chests can be obtained on application at the Behar  
Opium Agent's office. All tenders must be on the print-  
ed form, and should be in duplicate.

The lowest tenders will not of necessity be accepted,  
and no reason will be given for rejecting any tenders.

The price at which the chests will be supplied, as  
well as the instalments, must be entered in the tender  
in words as well as figures.

On signing a contract, security in either cash or Gov-  
ernment of India Promissory Notes must be deposited  
to the extent of one anna for each chest contracted for,  
and the cost of the stamp for the contract deed must  
be paid by the contractor.

Parties tendering are particularly requested to give  
their addresses in full.

The remaining conditions are set forth in either the  
specification or form of tenders.

A. O. MANGLES, Opium Agent  
Behar Opium Agency, Patna, the 28th January 1882.

### Madras Municipality. NOTIFICATION.

**T**HE Municipal Commissioners for the City of Madras are prepared, with the sanction of the Governor of Madras in Council, conveyed in order No. 2305, dated 23rd December 1881, under section 208 of the City of Madras Municipal Act of 1878, to receive tenders for a Debenture Loan of (Rs. 3,50,000) three lakhs and fifty thousand rupees on the security of the rates and taxes levied under the said Act. Of the total amount of the loan, two and a half lakhs are to be expended in extending the water-supply of the city, and one lakh in carrying out the drainage project of Black Town.

2. Debentures will be issued for the said amount bearing interest at the rate of five (5) per cent. per annum, payable half yearly on the 15th March and the 15th September of each year, and having a currency of thirty years.

3. The form of Debenture Bonds will be that given overleaf. Each Debenture will be issued for the sum of Rs. 500, or some multiple of Rs. 500.

4. Tenders for the whole or any part of the above-named sum of (Rs. 3,50,000) three lakhs and fifty thousand rupees will be received by the President of the Municipal Commission up to noon on the 23rd February 1882.

5. Each tender should be in the form hereto annexed, and enclosed in a sealed cover, superscribed "Tender for Municipal Loan of 1882," and sent to the Municipal Office, addressed to "The President, Municipal Commission, Madras."

6. The tenders will be opened by the President at the Municipal Office on the 23rd February 1882 at noon, a minimum rate having first been fixed by the President.

7. Parties tendering must pay into the Bank of Madras to the credit of the Municipal Fund a sum equal to 2 per cent. of the amount tendered, and forward the Bank's receipt with the tender.

8. If the tender be accepted, the deposit will be taken in part payment, but it will be forfeited if, after the acceptance of the tender, the allotment is not fully paid up on or before the 15th March 1882.

9. Debentures will be issued as soon as possible after receipt of the amount of allotment.

10. The deposit on tenders which may not be accepted will be returned on application.

11. In the case of two or more tenders at the same rate (not being below the minimum) a *pro rata* allotment will, if necessary, be made.

12. The rate stated in a tender must not contain any fraction of an anna; if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out, and the tender treated as if the rate did not contain such fraction of an anna.

13. In order to avoid mistakes a separate tender must be made at each rate tendered, and a separate deposit must accompany each tender.

14. The annual income from the rates and taxes which are offered as security for the loan amounts to Rs. 6,80,000. The charges for loans which have already been raised on the same security are as follows:—

	Annually.
Rs.	
Interest at 4 per cent. on Rs. 14,30,000 payable to Government	57,200
Interest at 2 per cent. on Rs. 14,30,000 payable to Sinking Fund	28,600
Interest at 6 per cent. on Rs. 20,000 for Market payable to Debenture holders	1,200
	87,000

A. T. ARUNDEL, President.

Municipal Office, Madras, the 11th January 1882.

#### FORM OF TENDER.

C. S. BAYLEY, Esq.

THE HON'BLE L. R. TOTTENHAM in the chair.

The following report, which had been submitted by the Managers to the meeting of 27th January, was read :—

## REPORT.

1. THE Managers submit the Proceedings for the past half-year for the consideration and sanction of the meeting.

2. Subject to the approval of the subscribers, they have admitted to the benefits of the Fund the following families :—

Mrs. Halkett	...	...	...	£	300
One daughter	...	...	...	„	100
Total	...	...	...	£	400

The widow and one daughter of the late Mr. H. Craigie Halkett (Annuitant of 1863), who died in England on the 13th June last.

Mrs. Moens	...	...	...	£	300
Eight children	...	...	...	„	620
Total	...	...	...	£	920

The widow and eight children, six daughters and two sons, of the late Mr. S. M. Moens, who died at Aligarh on the 26th July last.

Mrs. Edgeworth	...	...	...	£	300
----------------	-----	-----	-----	---	-----

The widow of the late Mr. M. P. Edgeworth, Annuitant of 1859, who died in Scotland on the 30th July last.

Mrs. Cocks	...	...	...	£	350
Four children	...	...	...	„	550
Total	...	...	...	£	850

The widow and four children, one daughter and three sons, of the late Mr. A. H. Cocks, C.B., Annuitant of 1863, who died in England on the 29th August last.

Mrs. Magrath	...	...	...	£	300
--------------	-----	-----	-----	---	-----

The widow of the late Mr. C. F. Magrath, who died on board the Peninsular and Oriental steam-

ship *Siam* on the 13th October last.

3. The votes of the subscribers on the resolutions passed at the last General Meeting for the amendment of the Rules have been scrutinised with the following result :—

	For.	Against.
Amendment of Article V ...	130	0
Ditto of Articles XXVIII, XXIX, and XXX	129	1

4. Mr. W. Lambe has reported that he has obtained a divorce from his wife, and has applied to subscribe at reduced rates as a widower subscriber. The Managers have informed him that the date from which widower rates of subscription become payable is the date on which the “*decree nisi*” is made absolute, or six months after the date of the decree.

5. It was brought to the notice of the Managers that the Secretary of State, in his despatch dated 12th February 1880, had reduced the salaries of Civilian Members of Council and Judges of the High Court to a sum equal to their former salaries, minus the deduction of 4 per cent. on account of annuity. In taking into consideration the effect of this despatch, the Managers have decided that it is merely nominal, and that it has in no way altered the salaries of these officers for the purposes of the Fund. The pay of Members of Council has hitherto been Rs. 6,666-10-8 per mensem, but Civil Servants have drawn only the net amount (after the deduction of the 4 per cent.), or Rs. 6,400. Similarly Judges of the

High Court have drawn, not Rs. 4,166 but Rs. 4,000. Deductions of subscriptions on account of the Fund are made, not from *net*, but *gross* pay. An officer lent to a Native State, municipality or the like contributes from his salary, plus the amount that he has to pay to Government on account of pension. Under these circumstances the Managers have required Members of Council and Judges of the High Court to continue to contribute on the original gross salary. To provide distinctly for cases of this nature the Managers have it in contemplation to propose an amendment of Article III of the Rules.

6. The Managers have pleasure in reporting that from a scrutiny now in progress it appears probable that they will be able to recommend the repeal of the resolution of the Special General Meeting of 22nd November 1880 and the final remission of annuitants' subscriptions to the Ordinary Branch with effect from 1st April next. The subscribers are aware that annuitants' subscriptions to the Additional Branch have already been remitted under the resolution of the General Meeting of 31st January 1880.

The accounts for 1880-81 are submitted.

Proposed by *Mr. Chas. S. Bayley*, Seconded by *Mr. Alex. T. Maclean*, and carried unanimously—

THAT the Manager's proceedings in admitting the families of the late Messrs. H. Craigie Halkett, S. M. Moens, C. Edgeworth, A. A. H. Cocks, C. B. Magrath, and C. F. Magrath, to the benefits of the Fund be confirmed.

Proposed by *Mr. Alex. T. Maclean*, Seconded by *Mr. D. R. Lyall*, and carried unanimously—

That the accounts for the past year 1880-81 be approved.

Proposed by *Mr. D. R. Lyall*, Seconded by *Mr. W. D. Blyth*, and carried unanimously—

That the following gentlemen be elected Managers for the ensuing year:—Hon'ble W. F. McDonell, v.c.; Hon'ble H. J. Reynolds; H. L. Harrison, Esq.; Hon'ble J. O'Kinealy, and H. J. S. Cotton, Esq.

The *Secretary* stated that since the Managers had submitted their report, they had received from the Government of India a copy of a despatch from the Secretary of State, containing the following proposal:—"I have therefore to request that you will inform the Managers of the Bengal Civil Fund that in consideration of the transfer of the Fund to the Government, and the continued payment of subscriptions, at the rates laid down in the rules which were in force up to the end of the year 1879, the Secretary of State for India in Council is willing to take over the assets, liabilities, and management of that institution, and to guarantee to the present members and their families, and to the incumbent annuitants on the Fund, the benefits to which they are entitled under those rules, with such addition to the benefits or reduction in the rates of subscription as may be agreed to by the subscribers, and the cost of which shall not exceed a sum of Rs. 22,00,000." The Managers would at once enter upon a consideration of the despatch, and submit copies to the subscribers with an expression of their own views on the course to be pursued.

A vote of thanks to the Chair was proposed by *Mr. W. H. Grimley*, and Seconded by *Mr. H. M. Kisch*, and carried unanimously.

#### The Indian Law Reports.

Published under Authority of the Governor-General in Council.

THE Reports appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series.—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set.

Terms of subscription, payable annually in advance.
